

BELANARO FORGE LLP

COMPANY PROFILE

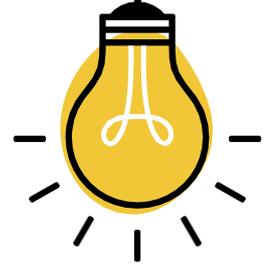

■ About Us

Belanaro Forge LLP is a modern, innovation-driven forging manufacturer specializing in bearing rings, automotive components, precision-forged parts, and custom closed- & open-die forgings. Backed by decades of engineering experience and cutting-edge infrastructure, we deliver products that excel under pressure—reflecting our core values of craftsmanship, technology, and trust.

■ Our Vision

To be a trusted global name in precision forging and engineering excellence, renowned for quality, innovation, and integrity.

■ Our Mission

- Manufacture high-quality forged components that meet international standards
- Build long-term partnerships through trust, performance, and innovation
- Contribute to customer success with value-driven collaboration and reliable engineering support

■ Leadership Team

At BELANARO FORGE LLP Group, our leadership team drives the company's vision with experience, expertise, and passion, ensuring the delivery of innovative, high-quality solutions globally. However, the true strength of BELANARO FORGE LLP Group lies in the many unsung heroes—our dedicated staff members—whose hard work and commitment power every success.

Hiteshkumar Mehta - CEO (Chief Executive Officer)

Founder and Managing Director of BELANARO FORGE LLP Group, leading the company with a vision to deliver quality and reliability worldwide. Passionate about innovation, growth, and building strong global partnerships.

Reena Chovatiya - COO (Chief Operating Officer)

The Operations Team of BELANARO FORGE LLP Group ensures smooth production, logistics, and export processes with a focus on efficiency and quality. They work collaboratively to maintain global standards and timely delivery.

Jayom Mehta - Global Business Head

Focused on delivering products that meet international standards through rigorous testing and inspection.

Mr. Kuldeep - General Manager

Leads operations and teams with a strong focus on efficiency, execution, and business growth.

■ Manufacturing Plants

Belanaro Forge LLP operates with a fully integrated production setup equipped with state-of-the-art machinery and precision engineering systems to ensure world-class quality and consistency.

Forging Machinery & Facilities:

- Drop Hammers (Air & Power Operated) for precision and high-impact forging
- Friction Screw Presses for accurate deformation and superior material flow
- Hydraulic Presses for controlled forging of complex geometries
- Ring Rolling Machines for seamless bearing rings and flanges
- Upsetters & Trimming Presses for efficient shaping and finishing
- Heat Treatment Furnaces for hardness, strength, and durability optimization
- CNC Machining Centers for close-tolerance operations and superior surface finish

Quality Control Systems:

- Real-time monitoring using micrometers, spectrometers, vernier calipers, hardness testers, and gauges
- Process traceability ensuring zero defects and reproducible quality through full documentation

■ Export Container Loading

At BELANARO FORGE LLP, we ensure that every shipment of BEARINGS is handled with the utmost care and efficiency to maintain product integrity during transit. Our packaging and logistics systems are designed to meet global export standards, ensuring timely and safe delivery to clients worldwide.

- Each batch is packed in moisture-proof, tamper-resistant bags
- Containers are fumigated and sealed under strict supervision
- Detailed documentation and quality certification accompany every consignment
- Shipments are managed through reputed logistics partners for reliable global delivery

Our strong export network and commitment to international quality ensure that BELANARO FORGE LLP BEARINGS reaches customers in perfect condition — ready for immediate industrial use.

■ Why Choose BELANARO FORGE LLP Dealership?

We provide our dealers with a comprehensive support system to ensure their success in local markets

Branding Support

Long-Term Growth

Financial Benefits:

- Staff Salaries
- Godown Rent Assistance
- Quarterly Turnover Discounts

Training & Development

Exclusive Offers & Promotions

Dedicated Support

Interested in More Benefits?

These are just some of the many benefits of joining the BELANARO FORGE LLP Group Dealership Network. If you're interested in learning more about how we can support your growth, please contact our Global Sales Head for a detailed discussion.

■ Quality Commitment

Quality is our identity. Every component undergoes rigorous inspection, precision measurement, and metallurgical testing to ensure:

- Dimensional Accuracy

- Consistent Hardness

- Surface Finish Control

- Material Traceability

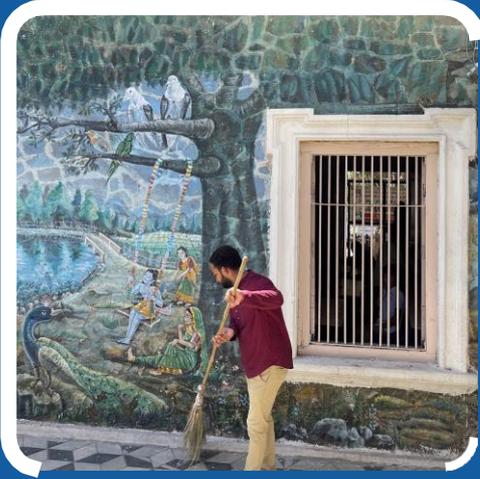

- Conformance to International Standards

Our Pledge: Zero Defects. Zero Delays. 100% Satisfaction.

■ Corporate Social Responsibility

We integrate eco-friendly practices, energy-efficient operations, and safe workplaces. Through community development and skill enhancement programs, we create value beyond business.

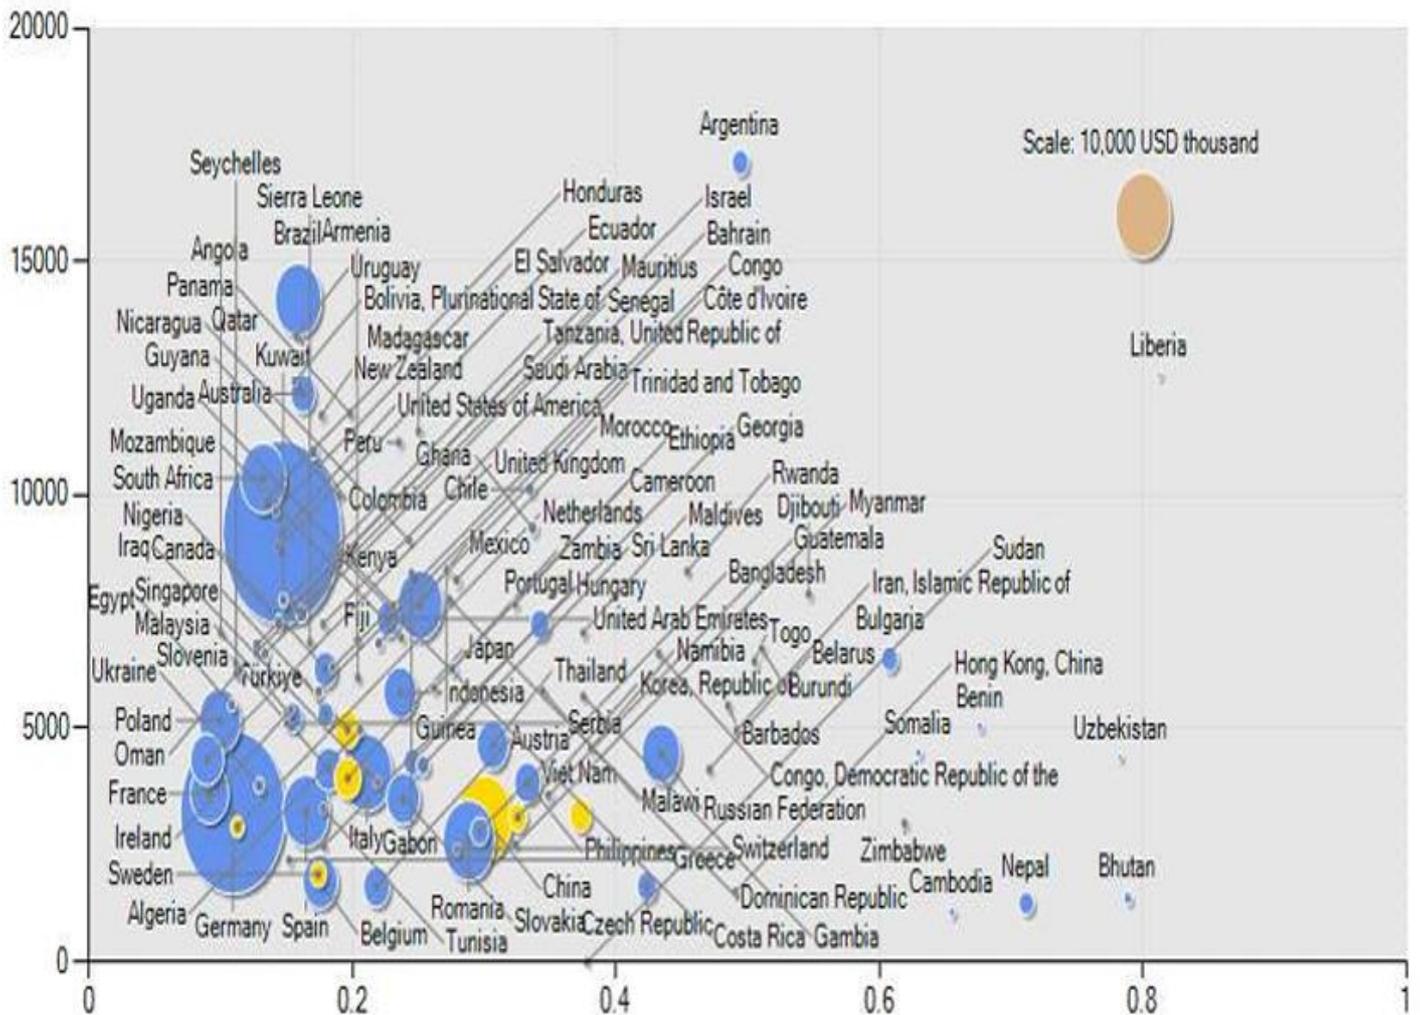

■ Certificate

Global Presence & Markets

Serving Europe, the USA, the Middle East, and Asia, Belanaro Forge LLP continues to expand its importer and dealer network, ensuring timely supply, local support, and personalized service across the globe.

TradeMap Insights: A Golden Opportunity!

Indian Bearing are in high demand worldwide, and India is emerging as a fast-growing exporter compared to other countries! 📈 ✨

Why India Stands Out:

✅ Explosive growth in the global market.

■ High and consistent demand in major importing countries.

● Outpacing competitors and setting new benchmarks!

💡 Don't Miss Out!

Join our dealership program today and ride the wave of this growing demand. ■ Let's capture the global market together! ■ ●

■ Indian Bearing: A Global Demand Boom! ■
